## DETAILED ACTION

### *Allowable Subject Matter*

Claims 17-18, and 24-27 are allowed.

The following is an examiner's statement of reasons for allowance: in a motor driven pump unit for antilock brake systems comprising:

an electric motor including:

- a rotor;

a pump operatively coupled to the electric motor, the pump including:

- a pump housing,

an electronic control unit including:

- at least one carbon brush coupled to at least one brush holder, in which
- means coupled to the at least one brush holder for axially guiding the at least one carbon brush,

the pump housing is positioned between the electric motor and the electronic control unit;

the prior art's references of record do not disclose that the brush holder extends from the electronic control unit through a hole in the pump housing and into an inner portion of the motor in proximity to the rotor, and in which the at least one carbon brush extends, at least partially, into the hole in the pump housing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
